FIFTY WONDERS OF KOREA: The Hidden Treasures of Korean Art

The program is presented by the Korean Spirit and Culture Project, a non-profit organization dedicated to raising awareness of Korean history and culture. In appreciation of the United State's support for Korea during the Korean War and in the years that followed, KSCPP began to introduce the history and culture of Korea in the United States in 2005. Join us for a fascinating tour through Korean art and history, from the ancient world to the 20th century. The program will feature a documentary film screening and talk about 5000 years of Korean culture.

Learn about the unknown but truly unique and extraordinary works of Korean artifacts such as the Sarira Reliquary of Kameunsa Temple, the Sokkuram Grotto, and the Koryo Buddhist paintings. These works bear a common theme of 'hidden beauty.' In each work, the true value only becomes visible on a close inspection by the viewer.

Refreshments will follow the presentation.
