Up, Up and Away: Summer Reading Kickoff

Mad Science will get your summer off to a flying start with this spellbinding event to introduce children to the principles of air and pressure. Hot air balloons, vortex generators, and even a hovercraft will help children understand the power of air.

For families with children in kindergarten to grade 5.

Wednesday, June 19

7-7:45 PM

Maximum of 4 seats per family.

Photographs and videos taken during library programs may be used for library publicity.

Limited registration begins June 5 for SSD residents; nonresidents: one week later (space permitting).
Use child’s own SPL card when registering.
All children under 12 must have a parent/guardian in the building at all times.
